Training "Distribution of in vitro diagnostic (IVD) medical devices in Belgium"

Distributors of IVD medical devices are subject to new regulatory requirements since May 2022. A new regulation (EU) 2017/746 ("IVDR") has become applicable and a new Belgian IVDR legal framework is set to enter into force.

This training course is intended for those who are interested in knowing more about the existing and new Belgian and European regulations to make IVDs available on the Belgian market as a distributor after May 2022.
