

SEMINAR
OCTOBER 7TH 2022
@ BEMEDTECH

Benefits of standardization for your company

Have you heard of the importance of standards – for companies and society – but you want to know more about how they are developed or how to handle them in your organization?

Then you should register for our seminar! At the end of our half-day session, you will have gathered insights in:

- ✓ Standards development - how it works and why it's important
- ✓ How other companies handle standards management
- ✓ How to become aware of new standards that apply to your product / organisation
- ✓ How to make sure you are compliant to the standards that apply to your products / organisation

During the session, you will also have to possibility to:

- ✓ ask questions to experienced experts who are involved in standards development and standards management
- ✓ decide whether you want to contribute to standards development

In collaboration with: **NBN & MedTech Flanders**
