Understanding Luxembourg's Medical Devices landscape from a regulatory and business perspective

18/06/2024 - The medical devices landscape in Luxembourg

This conference aims to shed light on Luxembourg's law, regulations, and potential guidelines from the Ministry of Health concerning the distribution and marketing of medical devices.

We will delve into a broad spectrum of topics, including

- The intricacies of clinical investigations
- The dynamics of price and reimbursement
- The criteria for classification of medical devices
- The rules and regulations surrounding advertising, interactions with healthcare professionals (HCPs) and patients, as well as the provision of samples
- The pathways for market access and distribution of medical devices in Luxembourg

We will also touch upon the future agency that will play a pivotal role in this sector.

Timing: 10:00-15:30

More detailed agenda will be available soon!
